

## What improvements would you like to see at Valley-Wide parks?

Valley-Wide Recreation and Park District will be applying for a competitive grant through the California Statewide Parks Program, with plans to enhance six parks in the San Jacinto Valley.

We will be holding a series of workshops to gain your input on what you would like to see at Exchange Club Park, San Jacinto River Park, Bill Gray Park, Jerry Searl Sports Park, Regional Park and Diamond Valley Lake Community Park.

Some of the meetings will include formal presentations and others will offer an opportunity to stop by and share your thoughts.

### MEETINGS
