General Manager Message

WITH the stress of everyday life, it is important to take time to spend with friends and family. Staying healthy and active doesn't require a gym membership -- with more than 80 parks and recreation centers, Valley-Wide Recreation gives you the opportunity to stay active, and spend some time with your loved ones.

From playing softball, taking a walk along a fitness trail and swimming at the Aquatic Center to playing a round of golf at Echo Hills, watching your children play sports or enjoying the Fourth of July Fireworks Extravaganza at Regional Park, Valley-Wide Recreation is there for you.

So come out and play, summer is here and we want you to be proud so say #IamValleyWide.

What Makes Special Districts So Special?

For over 100 years, local service agencies known as special districts, like Valley-Wide Recreation and Park District, have kept our lights on, water flowing, and provided access to a multitude of services that enhance our communities.

California's Special Districts are much more than local service providers. They provide vital services like water and energy, fire protection and public safety, waste water treatment, garbage removal, and much more.

The 95 Recreation and Park Districts throughout the state maintain and operate over 445,000 acres of parks and open space. They support healthy, affordable, physical and social activities that strengthen community ties.
